EDUCATION

MSc Advanced Computer Science University of Leicester, Leicester, UK	01/2024 – 07/2025
B.E Computer Science and Engineering Prathyusha Engineering College, Chennai, India	08/2019 – 08/2023

CERTIFICATIONS

Microsoft Certified: Power BI Data Analyst Associate
Obtained : Sep 2025

TECHNICAL SKILLS

- **Reporting Tools:** Power BI (DAX, Power Query, Service), Excel (PivotTables, VBA, advanced formulas), Tableau
- **Data Preparation:** SQL (PostgreSQL, MySQL – joins, aggregations), Python (data cleaning, Pandas)
- **Data Modelling:** Star schema design, fact/dimension tables, calculated measures
- **Collaboration:** Microsoft Office Suite, SharePoint, JIRA, GitHub, Streamlit

PROFESSIONAL EXPERIENCE

Junior Data Analyst (Remote) Sri Sai Sastha Protection Agency, Chennai, India	03/2025 - 06/2025
• Designed and delivered a Power BI dashboard with DAX time-intelligence to monitor absenteeism %, late arrivals, and workforce utilisation for 100+ staff, helping managers address staffing risks. • Built a reporting dashboard in Streamlit that integrated payroll and attendance, providing management with a single source of truth. • Automated recurring exports (CSV/PDF), reducing manual reporting by 5+ hours per week for a team of 10 and ensuring audit-ready accuracy. • Developed a profit and expense tracker that highlighted overspending in manpower and transport, enabling targeted cost reductions. • Presented reporting outputs directly to senior management, supporting workforce planning and financial decisions.	
Data Support Assistant Sri Sai Sastha Protection Agency, Chennai, India	02/2020 – 12/2023
• Maintained and validated 100+ staff and financial records, ensuring compliance with retention and audit standards. • Produced recurring Excel and Power BI reports, improving reconciliation speed and reducing payroll reporting errors. • Supported audit preparation and financial validations, contributing to reliable compliance reporting. • Worked with cross-functional staff under deadlines to ensure reporting requirements were met on time.	

PROJECTS

UK Restaurant Intelligence Dashboard:

- Analysed **10,000+ hygiene inspection records** using SQL and Power BI, designed a **star-schema data model** and applied **DAX time-intelligence measures** (monthly trend, YTD hygiene performance) to build a compliance dashboard identifying **high-risk outlets** for inspection planning.
